"Experience on Strive Easy"

My overall experience here at "Strive" has taught me that there still are many good people which I mean when I was about to give up on the class. Micheal was there for me. And gave me the basic information that I needed to be successful in life. I am very happy to say that I made new friends with Cycle 105. For the entire class and staff you will be in my prayers from now on. May God be your path of salvation. Many have come and many have fallen but here we are cycle 105 ready to take over and land a job that will last us for years. So when someone come up to you and said "Why can't I be on point for that job just say that you can and "Strive" can get you there. But The most thing that I am going to take with me is the "word of the day" cause it always a good thing to learn a new word cause "Knowledge is power". And with that we the class of "CYCLE 105" to bring great stories so the further cycles be very successful. I will be very puntual from now on and keep up with "Strive" on my Task to success. And never will forget "Cycle 105". Peace and love and good luck to all of you.
